

A Chester County Economic Development Council initiative

## Event Sponsorship Opportunities

### 2021 Levels and Benefits

The Manufacturing Alliance of Chester & Delaware Counties holds a number of seminars and workshops designed to increase awareness of local and domestic manufacturing issues for both the industry and non-manufacturing industry businesses. Topics cover the full breadth of this diverse industry, and always include solutions employing the region's companies and their highly-trained workforce. These events attract audiences composed of business owners/leaders, industry advocates, elected officials, community leaders. Each event has available sponsorships that offer exposure and benefits. Funds from sponsorships are used to offset the costs of refreshments, facilities, marketing costs, and MACC/DC staff time used to develop and coordinate events. Benefits and sponsor levels can be customized to suit the sponsors' needs and the specific event.
